

We value our relationships with parents and carers and the feedback that we receive, and our annual parent/carer survey is one of the ways in which we hear your voice. We will use this information to consider how we can continually improve what we offer all children across our family of schools.

This questionnaire represents the Parent/Carer voice across our school.

My child is happy at school

Almost all parents (96%) said that they felt positive or had no concerns about this statement.

My child feels safe at school

All parents said they felt positive or had no concerns. We are thrilled with this response as our children feeling safe is the upmost priority to us and of course to all our families.

'Its an amazing school I always recommend my son is thriving'

The school ensures its children are well behaved

All parents said they felt positive or had no concerns about this statement and we are delighted to see the ongoing impact of our Positive Behaviour approach and this mirrors the feedback received in our Pupil Survey during the Summer term (100%).

The school's ethos and values have a good impact on my child

96% of parents strongly agreed that the school's ethos and values have a good impact on their child, with a further 4% responding neutrally. This reflects a high level of parental confidence in the school's culture and its positive influence on pupils.

The school makes me aware of what my child will learn during the year

All parents said the school makes them aware of what their child will learn during the year or had no concerns about this.

'I am so grateful for everything the school does for both my children, they love school and love learning'

When we have raised concerns with the school they have been dealt with correctly.

Parents who have raised concerns are satisfied with how their issues have been handled. We will continue to work, in partnership, with our committees to ensure that you feel informed about how to raise a concern and how we will deal with them.

The school has high expectations for my child

The positive comments and high percentage aligns with what our children shared in their survey in the Summer Term.

The school lets me know how my child is doing

We are pleased that even more of our parents/carers feel that they receive useful information that enables them to work in partnership with us because they understand how their child is doing.

'We absolutely love our school and my kids love coming in everyday'

My child learns a range of subjects

We are delighted that the majority of parents/carers continue to recognise the broad and balanced curriculum that we strive to deliver for every child.

The school helps my child to take part in a wide range of activities, clubs and experiences.

We recognise the importance of the whole curriculum for all our children and we are delighted that both our parents/carers and our children recognise that our schools continue to strive to provide opportunities for enrichment.

I know how to keep my child safe online platforms such as gaming and messaging

We recognise that this is an incredibly challenging aspect of being a parent/carer at the moment as the online world evolves at such a fast pace. We are committed to ensuring that through our curriculum and in our school level communications to you that we support you to navigate the complexities and our children report that they feel safe online and know who to ask if they are worried. Pupil Survey 100%

‘Everyone at the school does all they can to support my child and make him feel valued which is really reassuring. Thank you!’
